General J. Van B. Metts
Adjutant-General's Department
Raleigh, N.C.

My dear Sir:

I have received the North Caroline medal for service in the World War, and desire to thank you on behalf of our Museum for this addition to its Collection.

I think I may safely say that our collection of military medals, both of the present and the past, and both American and foreign, is the most extensive of its kind in this country - and, perhaps, in the world.

Should you ever happen to be in New York it would give me much pleasure to see you here at the Museum and show you what we have in this line.

Very truly yours,

Assistant to Curator

W/E
